

After-Bite

After-Bite Blend is designed for topical application to assist with the itching and swelling that develops around the area of an insect bite.

When scratched repeatedly, a bite area can bleed and the skin can become abraded, allowing infection to enter the bite. After-Bite Blend disinfects, heals wounds, and promotes detoxification of the toxin injected by the insect.

DEET-Free

Many commercial insect repellents contain DEET, Picaridin, or IR3535, and are toxic. They're also not recommended for small children or those with compromised immune systems.

Natural repellents, on the other hand, are a much safer and more effective alternative. After-Bite contains no added chemicals of any kind; just 100% pure, certified organic and wildcrafted Essential Oils.

Protect yourself and your loved ones from insects, naturally and safely, with goDésana Organics' Bug Pro-Tech and After-Bite.

ingredient highlights

- Patchouli is highly effective for keeping insects at a healthy distance. It also has great antiphlogistic and antiseptic properties, so in the event that you are bitten by an insect, it can help to take down the inflammation as well as protect the bite from developing an infection.
- Lavender, fine helps immensely when it comes to insect bites. With its antiseptic properties, it will help destroy germs that have the potential for infection while soothing the itch and speeding up the healing process.
- Black Spruce is another great oil for assisting with the healing of wounds, bites, etc. With its antifungal, anti-infectious, and antiseptic properties, it will help with speeding up the healing process.
- Neroli has a high level of anti-bacterial properties, so it's great for healing wounds, insect bites, etc.
- Vetiver has high anti-inflammatory properties, so it's found to be very soothing, and can calm several types on inflammation. It also contains cicatrizant agents which help with the reduction of scars and dark marks sometimes left behind after a bite.
- Sweet Basil is a great oil for insect bites as it calms and reduces inflammation, reduces itching, and helps to destroy the germs that could lead to an infection.

suggested usage

- Roll After-Bite over the surface of the bite area including all swollen and itchy areas. May be applied as needed to reduce itching, reduce swelling, and promote healing. Non-toxic and safe for all ages when used as directed.

responsible cautions

- Keep out of reach of children and pets.
- Use as directed, and adhere to Responsible Cautions at www.goDesanaOrganics.com/cautions.asp.
- Store away from sunlight, at room temperature, with the lid securely tightened.

ingredients

100% Pure, Certified Organic and Wildcrafted oils of Patchouli, Lavender, fine; Spruce, black; Neroli, Vetiver, Basil, sweet; and Fractionated Coconut

pregnancy & children

Safety Group #1: Generally reported as safe when properly diluted and used as directed with children and while pregnant or nursing.

Topical

- Infant to 3 months - 1 drop in 10 ml carrier oil
- 3 months to 3 years - 2 drops in 10 ml carrier oil
- 3 to 5 years - 3 drops in 10 ml carrier oil
- 5 to 10 years - 6 drops in 10 ml carrier oil
- Pregnancy - safe when used as directed

Bath

- Infant to 3 months - not recommended
- 3 months to 3 years - 1 drop in 1 tablespoon of Baby Bliss Shampoo & Body Wash
- 3 to 5 years - 3 drops in ¼ cup Pink Himalayan Salt
- 5 to 10 years - 6 drops in ¼ cup Pink Himalayan Salt or Clay Vitality
- Pregnancy - safe when used as directed

Remember that blends, because of the smaller percentage of the stronger oils, are usually safer than single oils; especially during pregnancy, while nursing, and when using with children or the elderly.
